

## 1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: Polyolefin Melt Blown Absorbent

**SDS Number: 1006010** 

Manufacturer:	Oil-Dri Corporation of America 410 North Michigan Avenue Chicago, IL 60611 +1-312-321-1515
TRANSPORTATION EMERGENCY INFORMATION:	Chemtrec +1-800-424-9300 (US and Canada) +1-703-527-3887 (International - Call Collect)

**Product Use: Absorbent** 

Restrictions On Use: This product is an ordinarily combustible material which will burn vigourously under fire conditions. Hazardous and flammable liquids that have been contained by this material may continue to be unsafe, and, under certain conditions, may spontaneously ignite. To avoid personal injury and environment harm, exercise extreme care when handling, storing, or disposing of this material when saturated with hazardous or flammable liquids. Keep the product away from excessive heat, sparks, flames, and all sources of ignition.

## 2. HAZARDS IDENTIFICATION

**GHS Classification:** 

Health: Not Hazardous

**Environmental: Not Hazardous** 

Physical: Not Hazardous

**GHS Labeling:** 

Pictogram: None.

**Prevention:** None required.

Response: None required.

Storage: Store in a dry area.

Disposal: P501 Dispose of contents/container in accordance with all local and national

regulations.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name	CAS-No./ EINECS-No	%
Polyolefin Melt Blown	83136-87-2	>98.5%
Surfactant and Pigment Mixture	Mixture	<1.5%

## 4. FIRST AID MEASURES

Inhalation: This is an unlikely route of exposure to this material. If irritation occurs, have the person move to fresh air.

Skin contact: No first aid should be needed.

Eye contact: Immediately flush eyes with cool running water, lifting upper and lower lids. If irritation persists or for foreign body in the eye, get medical attention.

**Ingestion**: If used material is ingested, get medical attention due to possibility of chemical contamination. If large amount of unused material is swallowed, get immediate medical attention.

Most Important symptoms and effects, both acute and delayed: Eye contact may cause mechanical irritation and possible eye injury.

Indication of any immediate medical attention and special treatment needed: No immediate medical attention is required.

#### 5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media: For unused material - use water spray, carbon dioxide, universal foam, or dry chemical. For used material - treat according to absorbed material, except where contraindicated above.

Specific Hazards Arising from the Chemical: Oxides of carbon, and unknown materials.

Special Protective Equipment and Precautions for Fire-fighters: Firefighters should always wear self-contained breathing apparatus and full protective clothing for fires involving chemicals or in confined spaces.

## 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures: No special equipment is generally required for spill clean-up. For dusty conditions, an approved respirator may be needed. Refer to Section 8 for additional information.

Environmental Hazards: Report releases as required by local and federal regulations.

Methods and Materials for Containment and Cleaning Up: Pick up large pieces. Vacuum dusts. If sweeping is necessary, use a dust suppressant such as water. Do no dry sweep dust accumulation. If a water spill occurs, skim material from surface and advise authorities if floating material enters a watercourse or sewer. For land spills: eliminate sources of ignition; recover spilled material and place in suitable containers for recycle or disposal.

#### 7. HANDLING AND STORAGE

Precautions for Safe Handling: None for unused product.

Conditions for Safe Storage, including any Incompatibilities: Keep product away from excessive heat, sparks, flames and all sources of ignition.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

#### **Exposure limit(s)**

Chemical Name	Exposure limit(s)
Polyolefin Melt Blown	15 mg/m3 PEL-TWA (total dust), 5 mg/m3 PEL-TWA (respirable dust)
Surfactant and Pigment Mixture	None Established

Appropriate Engineering Controls: General ventilation is adequate for normal use. If handling produces airborne dust, local exhaust ventilation may be needed.

#### **Personal Protective Equipment:**

Eye Protection: Safety glasses or goggles if needed to prevent eye contact.

Skin Protection: None required for normal use.

Respiratory Protection: None required for normal use. For operations where the dust concentration may be excessive, a dust respirator may be used. Follow OSHA regulations in the selection and use of respiratory protection.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Property	Value	
Appearance:	White/colored meltblown; no odor	
Odor Threshold:	Not applicable.	
Boiling point/range	Not applicable.	
Melting point/range	>107°C (225°F)	
Relative density	No data is currently available.	
Vapor pressure	Not applicable.	
Vapor density (air=1)	Not applicable.	
Solubility	Insoluble	
рН	Not applicable.	
Partition coefficient (n-octanol/water):	Not available	
Evaporation Rate (Butyl acetate=1)	Not applicable.	
Viscosity:	Not applicable.	
Volatile Organic Carbon Compounds (VOC) (g/L)	Not available	
Flashpoint:	>316°C (600°F)	
Flammable Limits in Air % by Volume:	LEL (Lower):Not applicable.	
	UEL (Upper): Not applicable.	
Autoignition temperature:	301°C (575°F)	
Decomposition temperature:	Not available	
Flammability (solid, gas):	Combustible	

## 10. STABILITY AND REACTIVITY

Reactivity: Not normally reactive.

**Chemical Stability: Stable** 

Possibility of Hazardous Reactions: None currently known.

Conditions to Avoid: None currently known.

**Incompatible Materials:** None currently known.

Hazardous Decomposition Products: Oxides of carbon, and unknown materials.

## 11. TOXICOLOGICAL INFORMATION

**Potential Health Effects:** 

**Acute Hazards:** 

Inhalation: No known hazard.

Skin contact: No known hazard.

Eye contact: Contact may cause mechanical, abrasive irritation with possible injury.

Ingestion: No known hazard.

Chronic Effects: No known hazard.

Carcinogenicity Listing: None.

Acute Toxicity Values: None currently known.

## 12. ECOLOGICAL INFORMATION

Ecotoxicity: No data available for the product. No adverse effects on the environment are expected.

Persistence and Degradability: This product is non-degradeable.

Bioaccumulative Potential: Not bioaccumulative.

Mobility in Soil: No data available

Other Adverse Effects: No data available

## 13. DISPOSAL CONSIDERATIONS

Dispose in accordance with local, state and federal environmental Regulations. Unused material is suitable for disposal in sanitary landfill. Used material may be subject to regulation, depending on the nature of the material absorbed. Check with appropriate regulatory authority for used material containing hazardous waste.

## 14. TRANSPORT INFORMATION

US DOT Shipping Description: Not regulated

IATA Shipping Description (Air): Not regulated

Proper Shipping Name: Not regulated

UN Number: Not applicable.

Packing Group: Not applicable.

Labels Required: None.

## 15. REGULATORY INFORMATION

**US Regulations** 

SARA 311/312 Hazard Categories: None.

SARA 313 This Product Contains the Following Chemicals Subject to Annual Release Reporting Requirements Under the SARA Section 313 (40 CFR 372): None.

SARA 302 Listed Chemicals: None.

CERCLA: This product is not subject to CERCLA release reporting. Many states have more stringent reporting requirements. Report releases as required by local and state regulations.

California Proposition 65: None.

EPA Toxic Substances Control Act (TSCA): All of the components of this product are listed on the TSCA Inventory or exempted from TSCA.

**International Regulations:** 

EU REACH: Contact Oil Dri for information on REACH status.

Japan MITI: No data available

AICS: No data available

## 16. OTHER INFORMATION

Date Prepared: 5/29/2015

Revision Summary: May 29, 2015 - Conversion to new SDS formatting.

HMIS Rating: Health 0 Fire 0 Reactivity 0

0 = Minimal Hazard, 1 = Slight Hazard, 2 = Moderate Hazard, 3 = Serious Hazard, 4 = Severe

Hazard
